

## Compliance Requirements: Construction with ESSER Funds

Many districts opted to use the new ESSER federal grant funds to address construction needs such as HVAC improvements. Experienced grant and finance managers are well aware that using federal grant funds for construction was generally not an allowable expense. With this new flexibility, it is important to understand the many compliance requirements if YOUR district is using (or will be using) ESSER funds for construction projects. This webinar will address the pre-approval process, procurement options, Davis Bacon requirements and the recording of the expenditures in the appropriate account code(s).
