*True Colors for
Personal Success*

Tuesday, June 18 | 1:00 PM to 4:00 PM

True Colors for Personal Success

The True Colors® Personal Success Workshop is a hands-on and interactive workshop that guides participants through the foundational concepts of the True Colors system as they apply to our personal and professional lives, leading to improved communication skills, a greater appreciation for the uniqueness of self and others, and more meaningful relationships. Determine your True Colors personality spectrum including your most dominant color style and learn to recognize the True Colors of others.
